FROM THE PRINCIPAL’S DESK

Congratulations to our elected school leadership team who received their badges from Louise Staley, MP at our Whole School Assembly on Monday morning.

SRC plays a vital role in our school providing an opportunity for students to represent their peers, implement new ideas and initiatives, develop effective communication and leadership skills and take an active part in decision making at our school. In 2015 we aim to increase the level of student voice across the school with regular appearances of SRC members at the College’s School Council meetings.

We also hope to engage students as advisors to the leadership team and staff at Wedderburn College. This is about actively teaching young people responsibility for their learning and the learning environment and allowing them to have a say in what affects them personally the student body as a whole. As a starting point the SRC are travelling to Melbourne on March 11th to share with other SRC groups and to find out what really works in other schools that maybe we can do here. Our students are our key focus and it is important that their voice is heard.

Congratulations also to our sports and house captains who also received their badges. Leading houses comes with an expectation of responsibility and doing your best. It is important to emphasize that sports captains may not always be the winners in the sporting field but that they give their best and inspire and lead others in their house to participate and to do their best. Our House Captains are worthy representatives of their houses.

We are very proud of the leadership roles our students undertake both at school and in the community. It was terrific to be part of the audience on Friday evening to see a number of our students appearing on stage and also working behind the scenes at the Warts’n All production. If you haven’t booked your seats yet, then I encourage you to do so for this coming weekend. It’s a lot of fun and a trip down memory lane for someone of my vintage. Also the College was represented in a junior cricket grand final on the weekend with both the Kingower and Wedderburn Band Club competing for the premiership. Students who put their hands up for all these opportunities are taking a step forward to be active participants in our community. This is what leadership is all about. Well done to these students.

Finally congratulations to Miss Lisa MacDonald who will marry Mr. Allan Ryan on Saturday. We wish them all the best for a long and happy future together.

Margaret-Anne Wright, Principal

Help wanted with After School Basketball, please

Our successful basketball program is all set to continue into 2015 but we are looking for some assistance please. Sam Isaac has been running the program capably and efficiently but now due to work commitments is not able to contribute...
as much time to the program as previously. We are hoping someone from our community might be able to help our students and Sam out by volunteering to support Sam and therefore keep the program going for the kids.

Please contact either the College on 5494 3011 or Sam Isaac on 0427 947 479 if you think you can help.

P-6 NEIGHBOURHOOD NEWS

Prep/ One News
This week our Vet clinic has been transformed into a coffee shop. Children are taking orders; we are practising writing our names neatly and correctly, as well as attending to our customers’ orders.

For Book Talk this week we are reading ‘Who Sank the Boat?’ and finding all the rhyming words in the story. We are also working on a name for our new plastic rhyming pig; “He oinks every time, we come upon a rhyme.”

Mrs Tanya Chalmers

Grade 6 News
Yr 6 students and parents to read and check diaries on a Sunday so students have all their words of the day, reading homework and preparation done for the week.

Any outstanding Billabong Ranch camp notes to be returned and payment asap.

Mrs Lianne Brett

A big thankyou to Mrs Turnbull for organising swimming sessions for Grades 3-6 for the past two weeks. Some of the feedback from our students:

“My favourite part was rescuing my partner”
“It was fun diving for coins from Mrs P, they weren’t real though!”
“The best bit was when the teachers came in. Mrs Prevos got really soaked”
“Having free time after the activities was really enjoyable. I got to go up the deep end and play with my friends”

This Monday we held the first whole school assembly for the year. It was fantastic to see a great turnout of P-6 families supporting their children on the day. More than one parent expressed how great it was to know in advance that their child would be receiving an award, so we will definitely keep up the practice. The assembly was a great opportunity to celebrate the wonderful achievements of our students in the first weeks of school.

Congratulations to our Students of the Week:
Prep/1 Tanya: Kiara Gough and Jacob Ward
Two McKenzie: Chris Heeman and Travis Lowe
Three/Four Martin: Anna Weber and Leah McCoy
Five Polkinghorne: Coby Cunningham and Alliza Lockhart
Six Brett: Macey Jaques and Nadia Martin

Awards for Modelling the College Value of Respect:
Prep/1 Tanya: Emily Caruana and Evan McCoy
Two McKenzie: Brodie Evans and Scott Reid
Three/Four Martin: Shelby Giorlando and Ella Day
Five Polkinghorne: Dylan Johnstone and Tarniesha Matiasi
Six Brett: Kaitlyn Webb and James van de Wetering

Indonesian Awards: Chris Heeman (Grade 2) and Erno Kalmar (Grade 3)
PE Awards: Kelsea Nisbet (Grade 6) and Will Cunningham (Grade 1)
Art Awards: Libby Norman (Grade 2) and Samantha Arnup (Grade 5)
Garden Awards: Amy Bailey and well done also to our P-6 Captains James van de Wetering and Nadia Martin for their clear and confident public speaking and presenting skills.
The next College Value classes will be focusing on in Advocacy is Honesty.

YEAR 7-10 NEIGHBOURHOOD NEWS

Compass in 7-10 Neighbourhood

Parents are encouraged to regularly check in to Compass to review their child’s profile. The profile provides useful information:
- Attendance (check the red columns to see if your child has been regularly late to class).
- Learning Tasks (Some teachers are beginning to trial Learning Tasks to track student’s work)
- Schedule (get an idea what classes your child has coming up during the next few days)
- Newsfeed (stay up-to-date with important school information)

Getting students to use their diary in 7-10 is sometimes a source of frustration to parents (and teachers!) so using Compass to gather information can assist in having positive learning conversations with your child.

Student Exchange Program

Over the next few weeks information sessions for Student Exchange Programs will be conducted at lunchtime. Keep an eye on the College’s Compass Calendar and Newsfeed for dates, locations and times. The cut off is at the end of March to get scholarship applications in if you do have a child interested in undertaking an exchange. See the flyer in the newsletter for more information.

Richard Dougall, Year 7-10 Neighbourhood Leader

YEAR 11-12 NEIGHBOURHOOD NEWS

Our Year 11 and 12 students have certainly been busy this past week! After a few weeks of organisation and orientation, classes have hit the ground running and assessments are beginning to take place. Please make sure that you check with your child to ensure they have completed and submitted all required tasks.

Our Year 12 Psychology students spent some time in class this week dissecting lamb brains to support their understanding of the brain structure. Interestingly, sheep brains are very similar in structure to a human’s, although their frontal lobe is smaller. ‘Hands on’ activities such as this help to support our students’ learning and study in a practical, enjoyable way.

Our Year 12 students also attended a safe driving program run by Vic Roads this week, which focused on safe driving, legislation and being a responsible friend. This timely, important presentation was well received by all who attended.

All Year 11 and 12 students should have touched base with their Advocate teacher by this stage of the term. If you haven’t had a meeting, please make sure to arrange one as soon as possible. Remember, Advocates are able to support you with organisation, study skills, time management and a whole range of other things!

Have a great week!

Mrs Lauren Barker, Year 11-12 Neighbourhood Leader
GENERAL NEWS

Lions Youth of the Year
This Thursday evening two students Emma Lockhart and Jo Isaac will be competing in the Wedderburn Lions Youth of the Year Award. They will deliver five minute speech on a topic of their choice, deliver impromptu speeches and attend an interview. The winner from this section will go on to compete against other schools in the district level. We wish them all the best with this competition.

Mrs Fiona Hall, Coordinator

CHAPLAIN’S CHAT
Here is an update on what’s happening with our horticulture/Aquaponics project at the school. If you were to visit the vegetable garden up the back you will see that quite a bit of work has been done in cleaning up the existing garden beds and the wire netting has been removed temporarily to make way for a new watering system and rejuvenating of the soil in the beds. We are also in the planning stage for a greenhouse that will cover the Aquaponics systems. Keep an eye on the garden area as this project unfolds bringing something new to our school.

Graham Veal, College Chaplain

On Monday afternoon Mr Hocking and his Year 9/10 Horticultural Class came up to the garden.

Students will be taking responsibility to overhaul all areas of the garden including the composting, garden beds and watering system. They will be re-organising the composting area so it can be used for mulch in gardening beds as well as planning and putting together a better watering system which will be more beneficial for all areas of the garden.

It was great to see all of the students being so enthusiastic and getting straight into the first phase of the plan which was clearing out weeds, old veggies, digging over the garden beds and starting work on the new compost/mulching area.

Graham Veal also accompanied the class as he will be working with students to establish a working Aquaponic Garden. This is an exciting project for everyone involved.

A big thank you to Kaitlyn Ward and Amy Bailey who came up to the garden in their own time to let the chooks out as well as spending time with them. They have even been taught a few tricks.

That's all for this week.

Trina Vaughan
Garden Coordinator

NO REWARD WITHOUT EFFORT
Career decisions are some of the most important ones of your life, so getting help in making those decisions is vital. Career News is one source of information available to you.

Career News will be published fortnightly throughout the year, providing information about how to choose a career, about information sessions being held on various courses and careers, Open Days at institutions where you might want to study, career expos, insights into a number of careers, and where you can get help. Students who do their research during Year 10-12 usually find it easier to make some career decisions at the end of Year 12.

1. HOW CAN I CHOOSE A CAREER? Many people say that basically they would like a career they enjoy, with the possibility of earning a reasonable income. So how do you choose that career? Firstly, keep in mind that there isn’t just one perfect job for you. There are several jobs that would suit you well, so you need to explore the possibilities.

First, think about what you enjoy doing. For example, is it sport-related, scientific, reading/writing-related, helping people, information technology-related?

What do you enjoy doing in your spare time?

What subjects do you excel in at school?

How important is income?

Answering questions such as these will set you on a path to making some decisions. If you like science, what type of science do you prefer – physics, chemistry, biology? If you are creative, what is your speciality – music, drama, art, design? If it is geography, perhaps you could be interested in urban planning, mapping or surveying. If it is health, perhaps it is nursing, nutrition or public health. If it is physics and maths, perhaps engineering.

Don’t look too far ahead – you are not deciding on a life-time career. You are likely to have several careers.

2. WHERE CAN I STUDY IN VICTORIA?

After completing Year 12, there are many options. If you are considering university, hoping to get a degree, these are the universities available in Victoria:

- Australian Catholic University (ACU) with campuses in Melbourne (Fitzroy) and Ballarat
- Deakin University with campuses in Burwood, Geelong and Warrnambool
- Federation University with campuses in Ballarat and Gippsland
- La Trobe University with campuses in Melbourne (Bundoora), Bendigo, Albury-Wodonga, Mildura and Shepparton
- Monash University with campuses in Melbourne (Clayton, Caulfield, Berwick, Parkville)
- RMIT University with campuses in Melbourne (City, Brunswick, Bundoora)
- Swinburne University has a campus in Melbourne (Hawthorn)
- University of Melbourne in Melbourne (Parkville, Burnley, Southbank, Werribee), Creswick, Dookie and Shepparton
- Victoria University is in Melbourne (City, Footscray, St Albans, Melton, Sunshine)

You can check out their facilities and courses by attending their Open Days, usually held on Sundays in August.

If you plan a VET course (pre-apprenticeship, apprenticeship, certificate, diploma and a limited number of degrees), institutes offering courses in the Melbourne area are:

- Box Hill Institute
- Chisholm (Dandenong, Frankston, etc)
- Holmesglen (Moorabbin, Chadstone)
- Kangan (Broadmeadows, Richmond, etc)
- Melbourne Polytechnic (formerly NMIT) (Collingwood, Epping, Preston, Prahran, etc)
- RMIT (City, Brunswick)
- Swinburne (Hawthorn, Croydon, Wantirna)
- Victoria (Footscray, City)
- William Anglis (City) and several others.

There are also independent institutions offering degrees, diplomas and certificates. Examples are:

- Academy of Design (Port Melbourne)
- Australian Institute of Fitness (Bendigo, City, etc)
- Footscray City Films
- JMC (South Melbourne)

Independent colleges are full-fee paying institutions, whereas the government generally offers financial assistance to study at universities and VET providers like Box Hill Institute.

NOTE: The government will only fund courses of study that are at a higher level than what they have funded already. For example, if you have a bachelor’s degree, the government will not fund you to complete a VET diploma as it is at a lower level than the degree.
3. WHAT IS THE UNDERGRADUATE MEDICINE AND HEALTH SCIENCES ADMISSION TEST (UMAT)? Results from this test are used as part of the selection process for some Australian and New Zealand university degrees. In Victoria the only university degree now requiring this test for Year 12 selection is Medicine at Monash (Clayton). However, some interstate and NZ universities also use it. Registrations for UMAT 2015 are now open, and close at 5pm (AEST) on Friday 5 June. The test will take place on Wednesday 29 July 2015. The UMAT Information Booklet is available from the UMAT website: www.umat.acer.ecu.au.

NOTES:
- Practice materials are available through the UMAT website and can only be completed online. There are currently four practice tests available: UMAT Practice Test 1, UMAT Practice Test 2, UMAT Practice Test 3 and Additional Practice Questions. UMAT Practice Test 1 will be included with the UMAT 2015 registration. In addition, candidates will have access to some free preparation videos once registration to sit UMAT 2015 is completed.
- Candidates with a disability or other health-related needs and who wish to apply for special testing conditions must do so by Friday 19 June. This includes candidates who have diabetes and require food during the test.
- Some tutorials and a quiz are now available on the UMAT website. Candidates should watch these tutorials and complete the quiz questions before registering for the test.

4. WHAT IS THE INTERNATIONAL STUDENT ADMISSIONS TEST (ISAT)? This a test used by Australian universities to assist their selection of international students for certain undergraduate and postgraduate courses. Courses include Monash University Medicine. It is delivered by Prometric; there are over 5000 Authorised Testing Centres around the world. You may select a test date and location convenient to you. Register at http://isat.acer.edu.au.

5. WHAT KIND OF ENGINEER ARE YOU? Are you interested in engineering but not sure which type is the best fit for you? You can find out with the new RMIT online quiz at http://trueengineer.com.au/.

7. AVALON AIRSHOW – Students interested in a career in the aviation industry might wish to attend the Avalon Airshow. Among other things, you will be able to find out about RMIT’s flight training program, aerospace and mechanical engineering programs. When: 24 Feb – 1 Mar, 2015; Where: Avalon Airport; Info: www.airshow.com.au/airshow2015/.

8. VETERINARY NURSING ASSOCIATE DEGREE – Melbourne Polytechnic (formerly NMIT) (Epping) is offering a 2-year associate degree, the first para-professional veterinary nursing qualification in Australia. It is designed to produce highly skilled clinicians with exceptional levels of practical skill, knowledge and in-depth understanding gained through an exploration of the academic underpinnings of the field. Graduate employment will include veterinary practices as veterinary nurses and practice managers and large organisations (veterinary pharmaceutical, veterinary nutrition companies and research facilities). Prerequisites: Successful completion of VCE or recognised equivalent with a study score of at least 20 in any English and a study score of at least 20 in one of any Mathematics, Chemistry or Biology; OR successful completion of a Diploma course in Veterinary Nursing or a related area; OR at least two years of related industry experience.

9. ANU TUCKWELL SCHOLARSHIPS – The vision behind these Australian National University Scholarship is to help you make an impact on your community and the world by offering unique educational opportunities and personal experiences. The Scholarship allows you to study any discipline offered at ANU for up to five years. Information night: When: 6-7.30pm, Wed 18 Feb; Where: ANU House, 52 Collins St, Melbourne; Enquiries: student.recruitment@anu.edu.au. Register to attend: http://www.anu.edu.au/study/events/anu-tuckwell-scholarship-roadshow-melbourne

FRIDAY SOCCER COMPETITION WEEK 1
The Years 9 and 10 Community Sport class started its soccer competition on Friday, 20th February. There were roughly 52 students from Year 5 to 10 who participated in last week’s competition. This competition will continue to run for the next 6 weeks finishing on March 27th.

SCORES FROM WEEK 1:
GAME 1: Green vs. Red - (1-0)
GAME 2: Plain vs. Teachers -(1-2)
GAME 3: Blue vs. Yellow -(1-0)

Darcy Jackson, Year 10 student

COMMUNITY NEWS

Wanted
The Parents Association would like to hear from anyone with any deb dresses, shoes or gloves they would like to sell. Please contact Amber on 5494 7444.

VCAL Footy Tipping
In VCAL we are holding a footy tipping competition as a fundraiser for energy breakthrough.

To participate in the footy tipping you will be required to write your name and year level on one of the 2 signup sheets either in the library or in the corridor. There is a $10 signup fee which you will be required to be given to Joan before the footy season commences in April. There will be MASSIVE prizes to be won for 1st, 2nd and 3rd place. Please join in on our fundraiser as it will be loads of fun and is for a great cause.

Wedderburn Tennis Club
This Thursday after school the Wedderburn Tennis Club will be holding its club championships. Any junior or senior interested in playing singles, please come down straight after school. Also this Saturday 28th February, the IDLTA championships will be held at the Wedderburn Lawn Tennis Club. If you would like to play and haven't got your name in yet please call Fiona Hall 54927661. Hope to see you there, Fiona Hall.
As you know family statements are sent out during the year. Wedderburn College has set up a Centrepay Business Application so we can receive payments directly from your Centrelink payments. Centrepay is a voluntary direct bill paying service for families receiving Centrelink payments. With Centrepay, families can pay their statements by having regular amounts deducted from their Centrelink payments and paid directly to the school’s bank account. If you are interested in setting up payments to the school, you can contact me at the front office.

A garage sale is the responsibility of the nominated person on the booking form.

For any further information contact Loddon Visitor Information Centre 54943489.
Please advise the school of any changes in your addresses, contact numbers, contact persons, medical conditions, etc.

Parents are you missing your child/ren’s clothing or any personal property? If so please come and check the Lost Property Basket located in the Library. Unclaimed lost properties will be sent to the Op Shop at the end of term.

Parents, please ensure that you mark your children’s belongings. In this way, we can return lost properties to the rightful owners.

The College has its EFTPOS facility now in operation. Please come and pay your accounts whenever you are ready.

Student Banking Day is Tuesday.

Wedderburn College Building Fund
The Wedderburn College Building Fund has been established to allow past students and parents to support the maintenance and beautification of our College buildings and its surrounds. Wedderburn College was built in the 60’s and has educated many people from the Wedderburn area in this time. Most past students enjoy reminiscing about their school days, most recognising that school days were the best days of their lives. Often the reflections are accompanied by stories of teachers and the antics students got up to.

You can donate to Wedderburn College's Building Fund. It's totally tax deductible and you'll be paying back the school that gave you your start in life and continues to give you great memories with mates, especially old school friends.

Please contact the College (03 54943011) to find out how you can continue to make sure that Wedderburn College is a great school.
